MINNESOTA SAFE ROUTES TO SCHOOL
FUNDING AT WORK:

Minnesota Safe Routes to School (MnSRTS) is an effort to improve walking and bicycling conditions for youth and to encourage more active lifestyles. The Minnesota Department of Transportation is working with partners across the state to help schools and communities develop Safe Routes to School plans and programs.

One of the programs supported by MnSRTS and MnDOT is the Minnesota Walk! Bike! Fun! Pedestrian and Bicycle Safety Curriculum taught in many Minnesota schools. This curriculum was created by the Bicycle Alliance of Minnesota who also trains educators from around the state on how to use this one-of-a-kind curriculum. In four years, the program has touched nearly every county in the state.

WALK! BIKE! FUN! AT A GLANCE

**ANNUAL REACH**

71,683
Estimate based on precedent of 97 students per teacher per school year.

FROM WINTER ’13 - FALL ’18
